

Your First OpenOLAT Registration

In order to work with OpenOLAT you need an internet connection as well as a browser. The kind of the first registration as well as the concrete procedure varies depending of the OpenOLAT instance. However, usually the procedure is visible on the corresponding OpenOLAT login page. In the case of dubieties or queries please contact the local OpenOLAT support of your organization. Concerning your first OpenOLAT registration, please contact the manager responsible for e-learning in your organization.

After successful registration you will be directed to the systemwide landing page, which can differ between systems and also between OpenOLAT authors and users. Further information on how to set your personal landing can be found in [Settings](#).
